FIRSTALPHA has been my focus for 21 years... it symbolises my desire to create a corporate entity, separate from myself as a freelance web developer... I create simple webpages with minimal code and more complex websites with advanced applications, for people who want to manage their own webpace...

The FIRSTALPHA help files (https://www.a4m.uk/1sta_help/) will describe how a FIRSTALPHA account can encourage the subscriber to achieve Internet Supremacy...

Ecademy is where my online networking started...

In February 2006, I travelled to Oxford for an Ecademy off-line meeting at the Qi Club. This was hosted by Mike Southon, author of The Beermat Entrepreneur (<http://www.mikesouthon.com/life-story/>). In January 2008, I upgraded my membership to what was called 'Blackstar'... this was 'accelerated' networking where many off-line events were organised by the leadership team which included Ecademy founders, Thomas (<https://www.linkedin.com/pulse/social-its-personal-journey-you-your-brand-community-thomas-power/>) & Penny Power (<https://www.linkedin.com/in/pennypower/>). In January 2013, the platform was taken over and renamed SunZu...

Moments of Decision (https://www.brainyquote.com/quotes/tony_robbins_147787)

Time is our most valuable asset... there are NO refunds... critical decisions will need to be made...

A Youtube video can be speeded up (<https://www.youtube.com/watch?v=ed1uGr11seo>)...

Conversational Leadership (<https://thesystemsthinker.com/conversational-leadership-thinking-together-for-a-change/>)

What is the speed of your 'Web Pace'? Everything happens faster on the web... when you read a book, or have it read to you, authors will often refer to the output of those who have travelled life's journey before... these references can be quickly accessed and their relevance assessed... when you are online...

Author John C Maxwell (<https://www.johnmaxwell.com/>) states that 'Growth is the only guarantee that tomorrow is going to get better'... through his Million Leaders Mandate, John has helped to inspire more than five million leaders in 180 countries...

... this is the bottom of the first column... my '**call to action**' (<https://www.1sta.mobi/>) is the acquisition of a **FIRSTALPHA** reseller account and the opportunity to apply the instructions set out in the **help files** (https://www.a4m.uk/1sta_help/)... while your route to this webpage will likely be unique to you, the parent domain, SECURESERVER.NET (https://www.a4m.uk/who_is/), is in the ownership of Wild West Domains, LLC, which in turn is a wholly owned subsidiary of GoDaddy Inc. (<https://finance.yahoo.com/quote/GDDY?p=GDDY>)... hopefully, the other links above will help to add context to the relationship in which you will find yourself when you subscribe to a **FIRSTALPHA reseller account** (<https://www.1sta.mobi/>) **today**... there is a **Money Back Guarantee**...

My LinkedIn Journey...

I reached 500 connections in July 2010... about the same time that LinkedIn was valued at \$2billion...
(https://en.wikipedia.org/wiki/Timeline_of_LinkedIn)

Inevitably, there will be people with whom I am connected that I do not know well... I am, therefore, planning to be more pro-active in the coming months...

Networking & Internet Marketing...

Having a one2one conversation will always be the best way of getting to know somebody and video conferencing is rapidly becoming the application of choice for online networking and Internet Marketing... please arrange a direct connection with me... **richard@westdean.com** (https://www.a4m.uk/mail_to/)

John Francis Welch Jr. (https://en.wikipedia.org/wiki/Jack_Welch)

Jack Welch (1935-2020) is the embodiment of the American dream... he graduated from the University of Illinois in 1960, with a masters and a PhD, joining the General Electric Company as a junior chemical engineer... in 1981 he became GE's youngest chairman and CEO, quickly revamping the management to achieve top industry leadership status... on his retirement in 2001, he is believed to have been awarded a \$417m severance payment...

He founded the Jack Welch Management Institute (https://en.wikipedia.org/wiki/Jack_Welch_Management_Institute) in 2009 producing an award winning MBA program... Click here for a webinar replay of a JWMI presentation on 11 August (https://a4m.uk/lnk/200811jwmi_webinar.htm)... the slides for the presentation can be viewed at [jack-welch.pdf](https://a4m.uk/action-networking/docs/jack-welch.pdf) (<https://a4m.uk/action-networking/docs/jack-welch.pdf>)...

A Recommended Book list (<https://www.a4m.uk/rpmentors/>)

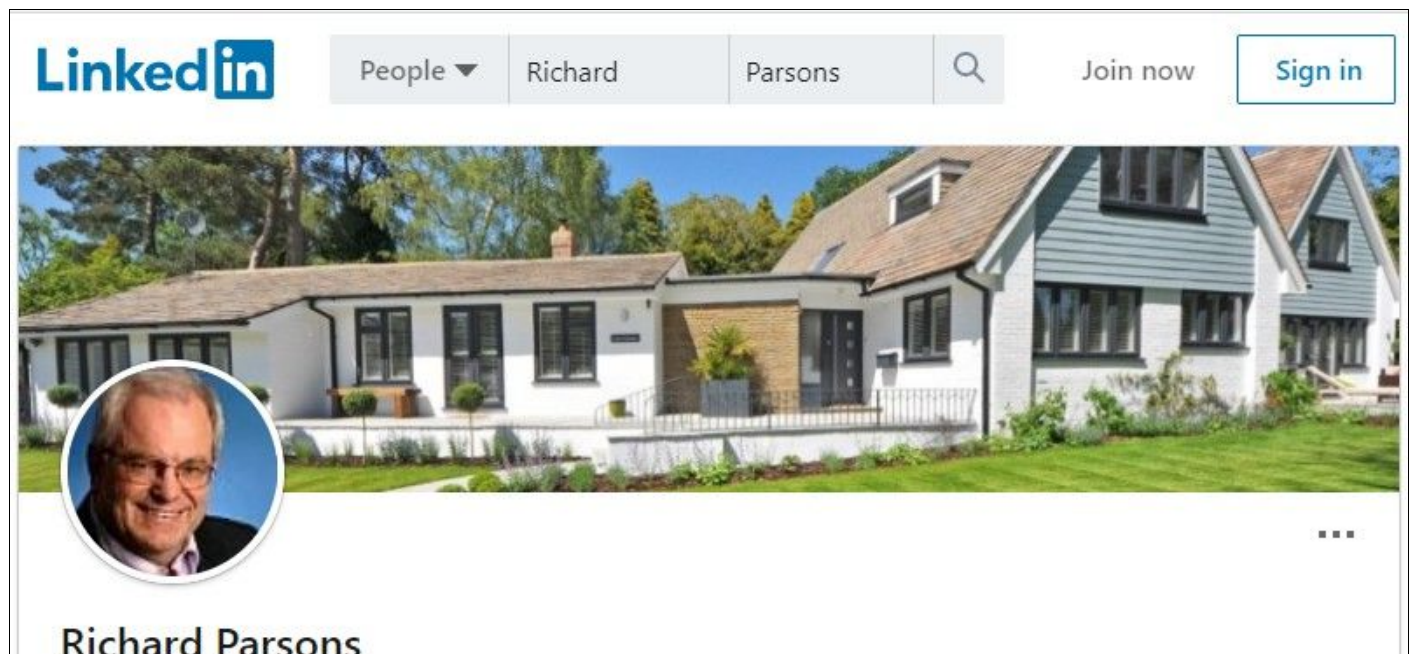

Change is inevitable and can often be controversial... It is no secret that all human beings believe that their opinions are perfectly aligned with the facts of life... at the same time, we all know, for a fact, that each and every one of us can only ever control that which we think about and the actions which we take as a result... individually, we decide who will influence our decisions... thus, if a true expert cannot easily demonstrate their expertise, others will find it difficult to make the commitment of time and effort to gain intuitive understanding of their chosen expert's methodology... your opinions **will** influence your actions... so... be sure that your opinions are influenced by the writings of honourable people... Norman Vincent Peale's Wikipedia entry... (https://en.wikipedia.org/wiki/Norman_Vincent_Peale) this might appear controversial...

When viewed on a mobile device...

... this is the bottom of the second column... by purchasing a **FIRSTALPHA reseller account** (<https://www.1sta.mobi/>), you are making a commitment to begin a business relationship with me and my company, FIRSTALPHA LTD... the other sign-up invitations, GrooveDigital (<https://www.a4m.uk/in-the-groove/>) and the Core Asset (<https://www.a4m.uk/core-asset/>), are third party services to which I subscribe and I will welcome the opportunity of describing the benefits of each to you... I have included the link to Jack Welch because he was a much admired 'captain of industry' and the author, Napoleon Hill, extolled the virtues of convening an imaginary mastermind to resolve business issues... I very much hope you will take ownership of a FIRSTALPHA reseller account at **1STA.MOBI** (<https://www.1sta.mobi/>) **today...** there is a **Money Back Guarantee...** (https://www.1sta.mobi/legal-agreement?id=19963&pl_id=342402)

The objective is a dialogue to establish any mutually beneficial opportunities... **have you joined LunchClub yet??** (https://lunchclub.com/?invite_code=richardp4)

Possibly, the best part of this email marketing system is the functionality at the bottom of the emailed responses which will encourage recipients to forward the message to five friends and/or colleagues... also, there is a web version of the email and a link to control the functionality of future emails...

... this is the bottom of the third column... I think of the **FIRSTALPHA reseller account** (<https://www.1sta.mobi/>) as a series of educational modules... the diligent student will study the **help files** (https://www.a4m.uk/1sta_help/) and become familiar with all aspects of the services... an example of a FIRSTALPHA reseller shop front is at **Interactive Internet Services** (<https://shop.epiya.co.uk/>) and the back office dashboard is reproduced at **BIZEVOLVE.NET** (<https://bizevolve.net/#dashboard>)... when ownership of a **FIRSTALPHA** reseller account at **1STA.MOBI** (<https://www.1sta.mobi/>) is **NOT** for you, a customer account at **Naming Creatively** (<https://shop.ncreu.org/>) is a great way to experience these useful applications using the **off-site DNS service** (https://www.a4m.uk/nc_help/) with a domain name registered elsewhere... there is a **Money Back Guarantee...** (https://shop.ncreu.org/legal-agreement?id=19963&prog_id=342786&pl_id=342786&plid=342786)
